DETAILED ACTION

Claim Rejections - 35 USC § 102

The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

(b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.

Claims 1,2,5,11 and 12 are rejected under 35 U.S.C. 102(b) as being anticipated by US Patent #5,988,595 to De VINCENT. De VINCENT discloses the use of a stake removal device including a stake holding means (30a) and a concrete pole connection means (24) whereby the device is attached to a pole. Regarding claim 2, the stake holding means includes a flexible loop (when 22 hooks). In reference to claim s 5 and 11, the loop is made form a flexible material. Regarding claim 12, the stake holding means ((30a) includes a slider tube (20,32) and treads (as at 45) and a sleeve tube. (20)

Allowable Subject Matter

Claims 3,4 and 6-10 are objected to as being dependent upon a rejected base claim, but would be allowable if rewritten in independent form including all of the limitations of the base claim and any intervening claims.
